PMI Australian Chapters Participate in Major Australian Defence Conference for the first time

PMI participated for the first time in Australia's premier Defence and Industry Conference that was held on 21-24 August with over 1,800 attendees. The conference is organised by the Defence Material Organisation (DMO), which is responsible for defence procurement. The DMO will spend AU\$100 billion on equipment and services in the next decade.

PMI arranged for the appearance of three conference speakers who presented on areas critical to defence: Scheduling, by Patrick Weaver, PMP; Earned Scheduling, by Walt Lipke; and Earned Value, by Wayne Abba.
